[DOAJ](#) on 29 April 2018. DOAJ's mission is to increase the visibility, accessibility, reputation, usage and impact of quality, peer-reviewed, open access scholarly research journals globally, regardless of discipline, geography or language. DOAJ will work with editors, publishers and journal owners to help them understand the value of best practice publishing and standards and to apply those to their own operations. DOAJ is committed to being 100% independent and maintaining its primary services and metadata as free to use or reuse for everyone.

Google Scholar provides a simple way to broadly search for scholarly literature. From one place, you can search across many disciplines and sources: articles, theses, books, abstracts and court opinions, from academic publishers, professional societies, online repositories, universities and other web sites. Google Scholar helps you find relevant work across the world of scholarly research.

MORAREF (Ministry of Religious Affairs' Reference) in an academic portal under the initiative of the Ministry of Religious Affairs of Indonesia run by the association of journals, universities' publishers, and research centers under the administration of higher education division in the ministry. This portal is made with the aim at enhancing, facilitating digitalization and indexation of academic journals published by the institutions under the coordination of the Ministry of Religious Affairs of Indonesia. These journals focuses not only on Islamic studies or religious studies, but also on other sciences or discipline related to these studies.
